

Announcing the Upcoming Publication of **Peterborough Archaeology**

Peterborough Archaeology

Edited by Dirk Verhulst

Published by the Peterborough Chapter of the Ontario Archaeological Society

Peterborough Archaeology

The area around Peterborough has long been recognized for its rich archaeological heritage. Archaeological evidence confirms what the oral history of local First Nations tells us: people have lived here for a very long time—likely for over 10,000 years. This book provides fascinating glimpses of the people, places, and traditions that make up this long history. It also offers unique insights into the field work being done by contemporary archaeologists, in consultation with their First Nation partners.

ISBN 978-0-9694868-5-5
